

# Depureco Bull-1 Portable Industrial Vacuum

## Heavy-duty vacuum for your toughest jobs

Built with a rugged frame, larger filter and dirt can, the Bull-1 can handle even the toughest clean-up jobs. The powerful dual by-pass 120 Volt vacuum motors along with our teflon coated micro-fiber filtration system make the Bull-1 suitable for most non-continuous duty applications. The unit is supplied with a vertical manual filter shaker, an on-board hose and tool carrier, independent on/off switches and a clogged filter sensor light to let you know when to clean the filters. The quick release dust bucket is on wheels and is easily removable for fast disposal of debris. The Bull-1 is the right choice for the toughest applications.

### Bull-1 Features:

- \* Quick release waste bin on wheels means no mess and nothing to carry
- \* Heavy-duty powder coated steel construction on baghouse and dirt can
- \* 2" or 2.5" Cyclonic inlet cone to protect the main filter
- \* Teflon coated filter bag 99% efficiency @ .5 microns with manual filter shaker
- \* Locking wheel brake
- \* Built-in hose and tool carrier
- \* 160 CFM and 5.4" Hg
- \* Vacuum gauge
- \* 17-gallon dirt can on wheels
- \* Locking wheel break
- \* Clogged filter indicator light

### Options and Accessories:

- \* HEPA final filter module 99.97% efficiency @ .3 microns
- \* Hose and tool kits
- \* Wet float assembly for liquid pickup
- \* Stainless steel construction
- \* Hi-flow unit 228 CFM and 5.4" Hg

Depureco Bull-1
