

# Depureco Mini Bull Compact Industrial Vacuums

## The "Contractors Choice"

Light weight, compact and powerful, the **NEW** Mini Bull can handle tough clean-up jobs. The powerful by-pass 120 Volt vacuum motors along with our teflon coated micro-fiber filtration system make the Mini Bull suitable for most non-continuous duty applications. The unit is supplied with a vertical manual filter shaker, independent on/off switches and clogged filter sensor light to let you know when the filter should be cleaned. The 9-gallon dust bucket is on wheels and is easily removable.

### Mini Bull Features:

- \* Quick release waste bin on wheels means no mess and nothing to carry
- \* Heavy duty powder coated steel construction on baghouse and dirt can
- \* 10 sq. ft. teflon coated micro-fiber filter 99% efficient @ .5 microns
- \* 2" Inlet with material deflector and locking wheel brake
- \* Built-in hose and tool carrier
- \* 160 CFM
- \* 5.4" Hg
- \* 9 gallon dirt can on wheels
- \* Locking wheel break
- \* Clogged filter indicator light
- \* Manual filter shaker

### Options and Accessories:

- \* HEPA final filter module 99.97% efficiency @ .3 microns
- \* Hose and tool kits
- \* Wet float assembly for liquid pickup
- \* Stainless steel construction
- \* Hi-flow unit 228 CFM and 5.4" Hg
